NBN Atlas: Setting Up & Using Your Account

-In order to get the most out of the NBN Atlas, we recommend that you create an Atlas account. If you previously had an NBN Gateway account, this will no longer work and you will need to create a new one. To create an account, first click ‘Log In’ from the NBN Atlas homescreen (1). At the log-in screen, click ‘Sign up now’ at the bottom (2).

-At the next screen, you will be prompted to enter your personal details. As part of this you will be asked to declare your usage of the NBN Atlas. Click ‘Create Account’ to proceed.

-You will be asked to check your email account for an activation email. If the email does not appear within a few minutes, please check your junk folder. When you have received the email, please click the activation link provided within. You will be taken you your profile page (4).

-You can edit the personal details entered during registration by clicking ‘Update your profile’. To change your details, edit the appropriate fields and click ‘Update account’.

-You can view and upload your own data by clicking ‘View your uploaded species lists’. To learn more about uploading data, please visit the uploading data help page.
- You can set email alerts to be sent to you by clicking ‘Manage your alerts’. Here you can toggle what you would like be alerted about from the options available (5).

- You can change your password by clicking ‘Reset my Password’. You will be asked to enter your email address, and will need to click the password reset link that will be sent to you (6).

- Click the NBN Atlas logo in the top left at any time to return to the NBN Atlas homepage (7). To return to your profile page, click ‘My Profile’ in the top right (8).

- To log out of your account, click either ‘Log Out’ in the top right (9), or select the log out prompt from the profile screen.
